Professor Bret Willmott has organized and directed **Bret's Frets** for over fifteen years, and the ensemble continues to be a highly acclaimed live act and one of the most sought after performance groups at Berklee College of Music. Past members of **Bret's Frets** include notable Berklee alumni Bill Frisell, Wolfgang Muthspiel, Mike Stern and Kurt Rosenwinkel. The present line-up has been touring Europe and USA for the last six years and features some of the hottest players of today's modern jazz scene.

Fusing elements from Rock, Blues, Jazz, and Latin, the international guitar ensemble **Bret's Frets** creates an exciting new sound that features unique guitar arrangements and beautiful original compositions.

Each member brings his own distinct voice to the group, combining to produce a powerful single sound. This dynamic and inspiring music is available now on CD, and the only thing more powerful is seeing **Bret's Frets** live !
